

# Palo Alto Puzzle Hunt

1

Chris is meeting his pals at a local park, one of the many wonderful parks in Palo Alto. They are going to explore the trails. They are hoping to see fun animals along the way, probably not the ones below. Enter the puzzle's answer on [www.solvingfun.com/paloalto](http://www.solvingfun.com/paloalto). A correct answer will tell you where to find a clue. Get all the clues from this week's puzzles to put together for this week's answer. At the end of the hunt, combine all your answers to get one last, final location.

Lexi is going for a walk with her pal, Ana, at the track. They like to play word games as they walk. Today they are trying to come up with as many three letter animals as they can. Find them all in the track below. One letter per lane. The unused letters will give you your answer. Enter the answer to get this puzzle's location. Go there to find a clue for the week's meta-puzzle.

Mae is walking her dog with a pal. To find out where they are going, solve the puzzle below. Start in the upper left corner and end in the bottom right corner. As you move from square to square, you can either match the shape or the color. Move horizontally or vertically, not diagonally. The shortest path is the correct one. Convert the numbers on the path to letters using the code A=1...Z=26. Enter the answer for this puzzle's location. Go there to get a clue for this week's meta-puzzle.
